Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Monday 04 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain in the southeast, later coastal northeast Tuesday, drier elsewhere.

This Evening and Tonight:
Showers dying back to western coasts during the evening. Cloud thickening across far south late evening, with area of rain developing across the Borders, Dumfries and East Lothian later in the night.

Tuesday:
Cloudy with rain over the Borders and East Lothian, perhaps spreading to northeastern coasts later. Mostly dry elsewhere, with sunny intervals and scattered showers.

Outlook for Wednesday to Friday:
Wednesday mostly dry with some sunshine, but rain spreading east in evening. Thursday and Friday rather cloudy with rain, persistent and heavy at times in west.
